

Experiment: uptime, date, and mv Commands in Kali Linux

1. AIM

To execute and display the results of the following commands in the Kali Linux operating system:

- uptime command
- date command
- mv command

2. PROCEDURE

1. Open **Kali Linux**.
2. Open the **Terminal**.
3. Execute the `uptime` command to display system running time.
4. Execute the `date` command to display the current date and time.
5. Create a sample file using the `touch` command.
6. Use the `mv` command to rename or move the file.
7. Use the `ls` command to verify the changes.
8. Observe and record the output.

3. CODE / COMMANDS

i) uptime Command

Purpose

The `uptime` command displays how long the system has been running, the number of logged-in users, and system load information.

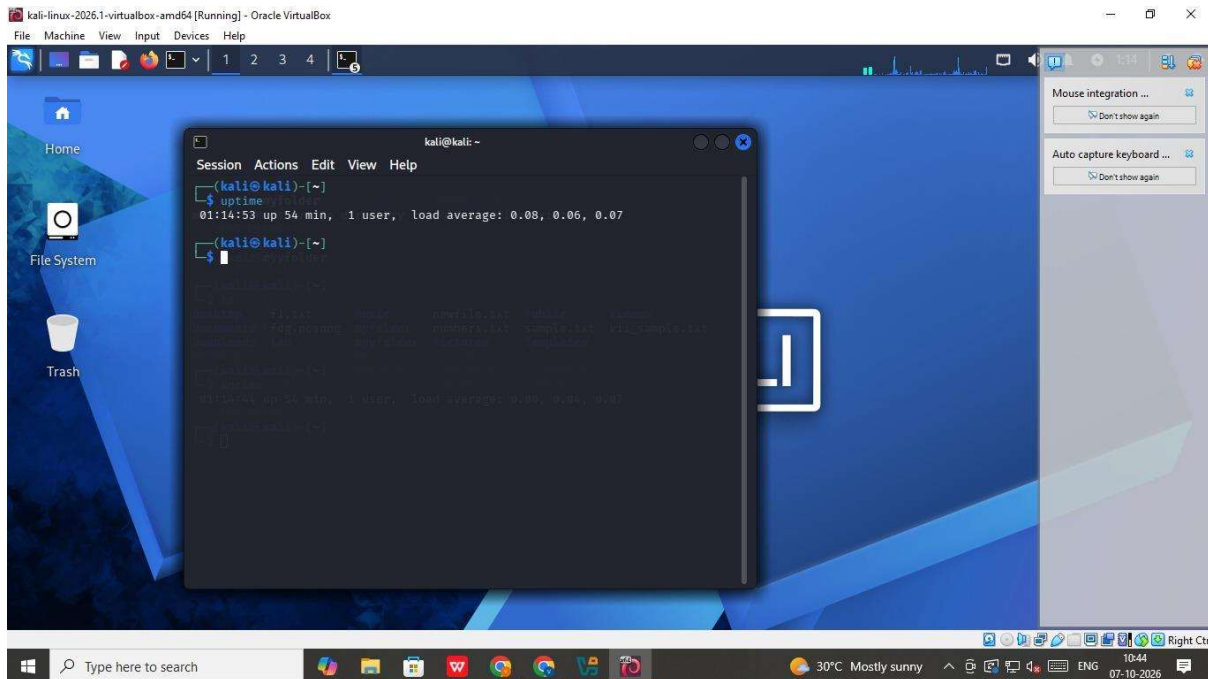

Command

uptime

Sample Input

uptime

Sample Output

ii) date Command

Purpose

The date command displays the **current date and time** of the system.

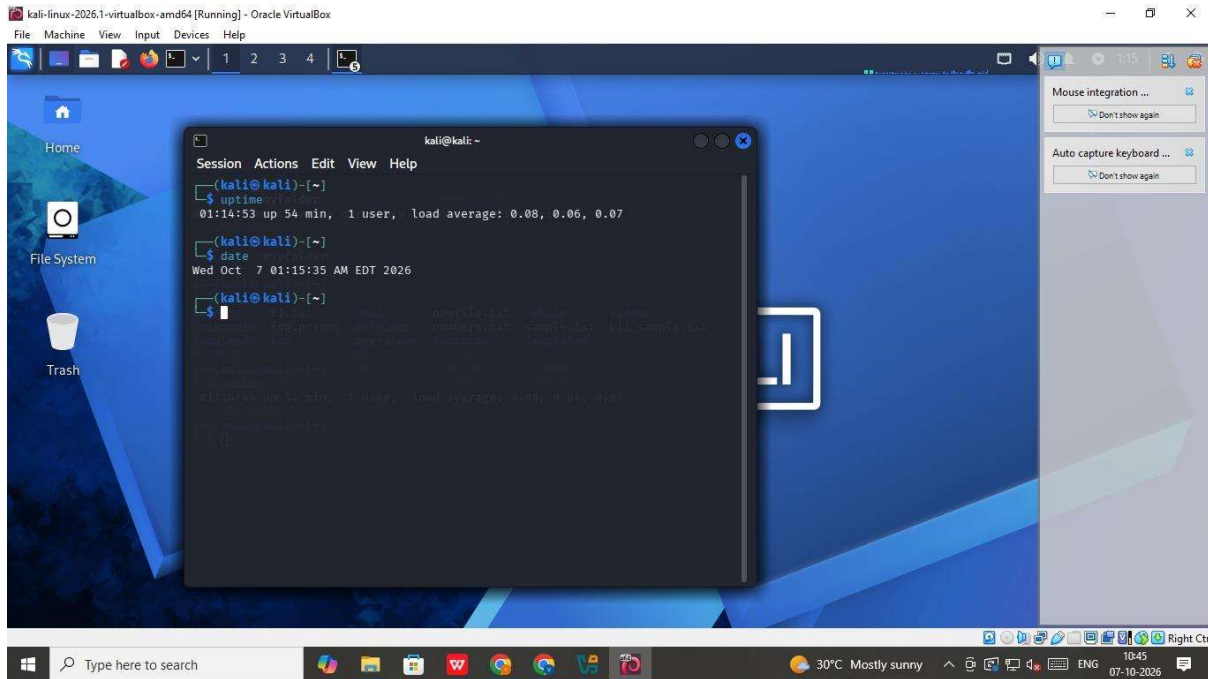

Command

date

Sample Input

date

Sample Output

```
kali@kali ~  
Session Actions Edit View Help  
$ uptime  
01:14:53 up 54 min, 1 user, load average: 0.08, 0.06, 0.07  
$ date  
Wed Oct 7 01:15:35 AM EDT 2026  
$
```

iii) mv Command

Purpose

The mv command is used to **move or rename files and directories**.

Step 1: Create a sample file

```
touch oldfile.txt
```

Step 2: Rename the file

```
mv oldfile.txt newfile.txt
```

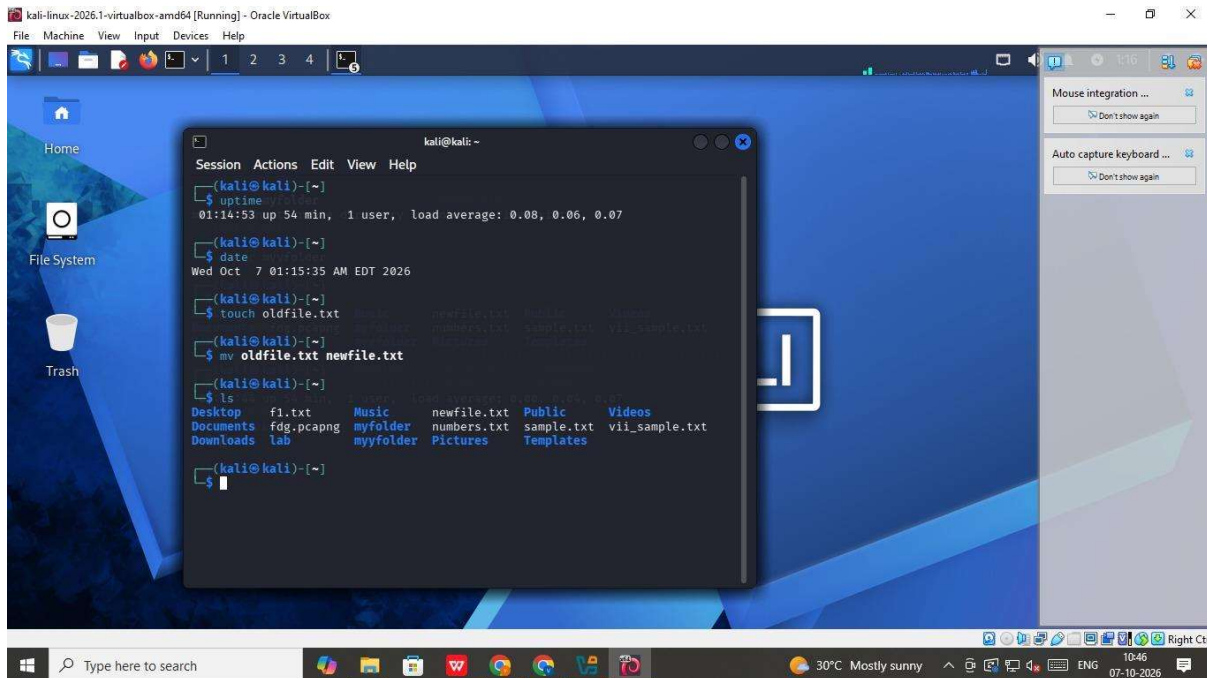

Step 3: Verify the result

```
ls
```

Sample Input

```
touch oldfile.txt
mv oldfile.txt newfile.txt
ls
```

Sample Output

A screenshot of a Kali Linux virtual machine running in Oracle VM VirtualBox. The terminal window is open, showing the following commands and their outputs:

```
kali@kali: ~  
$ uptime  
01:14:53 up 54 min, 1 user, load average: 0.08, 0.06, 0.07  
$ date  
Wed Oct 7 01:15:35 AM EDT 2026  
$ touch oldfile.txt  
$ mv oldfile.txt newfile.txt  
$ ls  
Desktop  f1.txt  Music  newfile.txt  Public  Videos  
Documents  fdg.pcapng  myfolder  numbers.txt  sample.txt  vii_sample.txt  
Downloads  lab  myyfolder  Pictures  Templates
```

The terminal window is titled "kali@kali: ~" and has a menu bar with "Session", "Actions", "Edit", "View", and "Help". The background of the virtual machine shows a Kali Linux desktop with icons for Home, File System, and Trash. The bottom of the screen shows the Windows taskbar with a search bar and various application icons.

4. RESULT

The following commands were successfully executed in **Kali Linux**:

Command	Purpose
uptime	Displays system running time and load information
date	Displays the current date and time
mv	Moves or renames files and directories

Result: The uptime, date, and mv commands were executed successfully and their results were verified.
